U.S.A. & Canada 30-Day Limited Warranty Jada Toys Products

Jada Toys, Inc. warrants to the original consumer purchaser that this product will be free of defects in material and workmanship for thirty (30) days from the date of purchase. Jada Toys will repair or replace the product, at its sole discretion, in the event of such a defect within the warranty period.

In the event of a defect covered under this warranty, first call the phone numbers listed below. Many problems can be solved in this manner. If necessary, you may be asked to return the product for a replacement or refund at the place of purchase (please refer to the retailer's return policy) or you may be instructed to return the product (postage paid and insured by the consumer) to the address below. Include your name, address, telephone number, copy of dated sales receipt, and a brief explanation of the defect. Repair/replacement and return shipment will be free of charge. Please return the defective part or unit, packed securely. This warranty does not cover damage resulting from unauthorized modification, accident, misuse or abuse. If the product is returned without a dated sales receipt, the product may be excluded from coverage under this warranty.

Jada Toys' liability for defects in material and workmanship shall be limited to repair or replacement, at our sole discretion, and in no event shall we be responsible for incidental, consequential, or contingent damages (except in those states that do not allow this exclusion or limitation). This warranty is exclusive, and is made in lieu of any express or implied warranty. Valid only in U.S.A. and Canada. This warranty gives you specific legal rights and you may have other rights, which may vary from state to state. Some states do not allow the exclusion of incidental or consequential damages, so the above exclusions or limitations may not apply to you.

Industry Canada Warning:

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Under Industry Canada regulations, this radio transmitter may only operate using an antenna of a type and maximum (or lesser) gain approved for the transmitter by Industry Canada. To reduce potential radio interference to other users, the antenna type and its gain should be so chosen that the equivalent isotropically radiated power (e.i.r.p.) is not more than that necessary for successful communication.

FCC WARNING:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and
(2) this device must accept any interference received, including interference that may cause undesired operation.

Warning:

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

NOTE:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult an experienced radio/TV technician for help.

- #### HOW TO PLAY:
1. Turn both Walkie Talkies ON.
 2. LED will stay on with beep sounds.
 3. Press transmission button to talk, release to listen.
